Dear Denise:

Attached is the letter confirming that BAT's lawyers destroyed all copies of PM materials. I have not yet received a similar letter from American Tobacco's lawyers.

In response to your letter, I have not requested that the FTC confirm that it has destroyed all materials containing PM information because under FTC rules it is only required to return originals, which it has done. I can nevertheless make such a request, although it is unlikely they will agree since it would mean committing to destroy such things as the brief in this matter. Please let me know what you would like me to do.

Sincerely,

Deborah L. Feinstein
